

## Council minutes Thursday 7<sup>th</sup> November

- Last meetings council minutes – true and accurate. Not signing until the college sign the environmental points (climate change)
- **Christmas ball staff to invite** – Alasdair Esson + wife, Stuart Reid and Julie Waterfield, David and Jill away, Kelvin away
- To invite one person from each course (rather than all from vet course)
- Eg Charlotte Lawson or Donna Palmer or Imelda for Bio-sci
- Steven Van Windon for Vets
- Eg Hilary Orpet or Marie Jones for nursing
- **Campaigns calendar** – look at Gant charts, to have a timeline of how to prepare for events
- **Christmas Ball tickets** – Officers agreed that Officers should get 50% discounted ticket
- **Emails and Social media** – get proof read by another one of VP team before posting. Quentin suggested we don't rush to respond and take our time (to ensure it is professional)
- **Bio Sci Officer** – a reworking of Camden officer, perhaps have both. Camden officer can 'stagnate' later in the year. We need to look into this and by the elections in January. Ongoing project.
- **FYR – 'the statement'** – statements read out in meeting. Ongoing work will be required and FY students involved will need to be supported
- **Improving comms** – eg suggestion box in the common rooms (Hayley), social media heavy campaign. Ideas of how to improve comms from officers?
- **Voting** – UK elections Encourage student voting in Camden. Hasita and Simone to facilitate in Camden. Maybe voting pins? Explain concept of Broxy voting and postal voting for students on placement
- **Council meeting 5<sup>th</sup> December** and then Officer Social in Haxby afterwards (pizza and drinks)
